

Case Study:

Peaky Blinders

CAPRICORN
SECURITY GROUP HOLDINGS LTD

PEAKY BLINDERS

THE CLIENT

BBC's, BAFTA award winning drama, Peaky Blinders is without a doubt one of the best shows on TV in this last decade.

Now in its 5th series, we have provided security on Peaky Blinders since they began filming in Manchester. With the popularity of the show their requirements have grown and adapted.

WORKING WITH HIGH PROFILE CLIENTS

Peaky Blinders attracts some big names such as Cillian Murphy, Tom Hardy & Adrian Brody.

Understandably names like these can draw a lot of attention which in turn can delay filming, and in some cases, put crew, cast & the public in danger. We must adapt our regular CP role to work within the boundaries of filming to ensure minimal disruption to the talent in a polite & efficient manner.

OUR ROLE

Period Dramas require additional support from Capricorn Security due to the limitations of what can be seen on screen & the control required of the location. How do we assist a production of this scale?

- Road clearances / coning
- Public control
- Securing dressed sets
- Assisting with rigging & striking of locations
- Securing unit bases / crowd bases / catering bases
- Securing equipment / vehicles

"Capricorn always provide a high standard and personalised service for the ever-changing requirements of the TV & Film industry. Their ability to adapt and deploy security at short notice is second to none and I would have no hesitation in recommending their services to anyone in the industry and wider."

Ollie Guy Unit Manager on Peaky Blinders series 3,4 & 5
