MANCHESTER

Bespoke security services within the NHS sector in Greater Manchester and Lancashire

Patient Watch Security

Capricorn NHS trained staff monitor high risk patients, adults and children, who have been admitted to hospital and have been identified as violent, aggressive or lacking capacity. They will be required to continuously monitor the patient's behaviour to ensure their welfare and the welfare of the NHS staff caring for them.

A&E Security

A&E security sees our officers dealing with a variety of incidents, protection of life and property, drunken disorderly, violence and aggression, emotionally vulnerable patients or families, patrolling and general day to day support to patients and staff which can include directions to other departments within the hospital.

May I just compliment your Day Supervisors at Royal Blackburn Hospital, who have shown great professionalism and are performing their duties to a high standard

Tanvir Hamid - NHS Security Supervisor
Royal Blackburn Hospital

Ward Response Security

Ward Response Officers are required to deal with live incidents within A&E and Patient watching. General patrolling with overall security of the building and staff within.

Fire Marshalls

Our SIA Licenced Fire-Marshalls will adhere to your standard operating procedures to ensure seamless integration with your day to day operations. Using continuous location services, you can be sure of prompt action in the event of a fire.

National Association
for Healthcare Security

High value low cost alarm response keyholding services, to the retail, commercial, industrial and domestic sectors

Keyholding and Alarm Response

Our keyholding department operates out of our secure premises in Manchester, our services run 24/7 and 365 days a year. We provide security services for both business and domestic clients. Our Keyholding Service is simple, we hold a set of keys for your premises and respond when your alarm activates.

Void Property Inspections

The number of empty commercial and residential premises across the UK continues to rise. A property becoming vacant does not relinquish the responsibility from its owner and the best way to ensure that the property remains in its current condition is to have it regularly inspected by an experienced security provider. Void Property Inspections are becoming a requirement for insurance companies in order to comply with the terms and conditions of their policies.

This cost effective service can be tailored to your requirements and is an effective deterrent against crime.

Mobile Patrols

We provide our customers with this service day and night, benefit from our experienced response team and liveried vehicles visiting your property around the clock. A professional approach to prevent and deter crime. Mobile Patrols are a robust approach to protecting your property. Mobile Supervisors will patrol sites checking for intruders or signs of criminal activity and use irregular patterns to provide a continual and unpredictable pattern of inspections.

Open and Lock up service

Our professional Open/Lock Up service ensures your premises are opened at the start of the day and secured when staff go home. By using our professional service and having one of our Mobile Response Officers carry out this service, we would take complete responsibility of the procedure.

We have the knowledge, skills and people to deliver SIA Training to the highest standards

Capricorn Training provides professional, high quality, training services. Our aim is to develop people and provide them with the skills and knowledge they need to be employable, to continually develop themselves and to gain confidence in their progression to a better future.

Our management team and trainers have subject specific expertise and a wealth of knowledge and experience in training and education. Courses are available at our head office in Manchester and a number of locations across the UK, or can be arranged at your own venue.

What we can do for you

We are a Highfield approved centre with a wide range of approved qualifications.

We offer a range of courses including:

- > Security & Close Protection
- > Medical
- > Health and safety
- > Safeguarding
- > Customer service
- > MAYBO

“

We use Capricorn Training services for First Aid, Door Supervision or Top Up Courses and always found their training to be well orchestrated and highly professional

Lauren Sobatta - HR & Administration Manager
Alpha Omega Securities Ltd

The most popular course we offer is the Door Supervisor course where we pride ourselves on exceeding the industry standard. Our training centre has grown rapidly over the last 2 years due to our reputation, recommendations and bespoke package that results in quick employment outcomes. With a wide range of contacts and employing many of the people we have trained you can be rest assured to have the knowledge you need when entering into the private security industry.

Our head office team offers a wrap around support for completing license applications and renewals to the SIA, this can be offered as part of the package you select for individuals or a group of employees. Compliance is one of our key strengths and our team have a wealth of knowledge when dealing with license linked qualifications.

Some of our key customers include:

- > NHS
- > DWP – department for work and pensions
- > Ingeus
- > Private security companies – Alpha Omega, Bridgewater, Benchmark.
- > The Growth Company
- > TV production- IVDrama

Quality Domestic Security systems, installed with pride and great service

Capricorn Installations take great pride in the quality of service we provide. Our aim has always been to supply both business and residential customers with the best electronic security systems to suit their individual needs.

We offer access to a wide range of security systems to cater to a variety of different customer requirements. These include standard burglar alarms ranging to fully monitored systems giving a police response, multiple camera CCTV systems and a range of door entry and access systems offering single or multiple door solutions.

Our services include a detailed survey, specification and quotation, the installation of your security system, emergency and routine maintenance for both new and existing alarms. We believe we offer extremely competitive prices without compromising quality and service.

Full Commercial systems, from survey to installation

We take care of everything from initial site survey, system design, install by experienced engineers and finally maintenance of your commercial CCTV system to give you the peace of mind that your property and premises are protected when you're not on-site. At Capricorn Installations we pride ourselves on supplying and installing the very best, modern and up to date security systems.

Take control of your access points

We can install a range of key-less and wire-free systems that put you firmly in control, preventing access from unauthorised personnel and intruders.

High quality, bespoke commercial fire alarm systems

Fire can have a devastating effect upon your business. Capricorn Installations Fire Alarms can offer a safe, long lasting solution to protecting your personnel and property.

CLOSE PROTECTION

Licensed Close Protection Services for the TV, Film, Sport & Media Industries

Experienced and Non-Invasive Close Protection

Capricorn Security Group has been supplying the TV, Film, Sport & Media industries with licensed Close Protection Services since the SIA was formed in 2003.

We provide a non-invasive service on either a one to one basis or as a Close Protection Team, for overt and covert protection depending upon the client's requirements. We conduct comprehensive threat and risk assessments to determine the best solution for our clients, ensuring a cost-effective service without compromising on quality.

The bulk of our operational experience is working with celebrities from the world of TV, Film & Music, as well as home grown and international sports stars, when working on TV projects and other assignments in the region. Our role is to protect our clients from threats or unwanted attention from over enthusiastic fans or eager paparazzi. We can also provide a secure transport service between locations.

For over 10 years Capricorn Security has also worked hand in hand with local and national TV News crews (including Granada Reports, ITV & Sky News), when faced with reporting from difficult filming locations and potentially hostile environments. Our ability to respond quickly to the escalation of events is second to none and its at times like these where our experience is key as keeping alert and calm under pressure is a necessity.

Specialist Covert Protection Services

We have also in recent years conducted covert protection operations, accompanying investigative journalists on many assignments all over the country on special projects and factual hard-hitting documentaries.

Client testimonials

“

I have worked with Capricorn Security for over 10 years and they have consistently provided the most reliable, professional and dedicated service. Their guards are friendly, helpful, capable and professional. They are always at the end of the phone for any queries and react quickly and efficiently when the inevitable last minute shift requests occur. As a client I am made to feel valued due to their regular informative communication and attitude. I couldn't recommend them highly enough and hope to work with them for a long time to come

Claire Newton - Supervising Location Manager

We have worked closely with Capricorn Security Group for many years. We film on location in Manchester and the surrounding area regularly and as you can imagine, as one of the most watched and best loved programmes on British television, we attract a lot of attention from the public. Capricorn Security are part of the Corrie family, making our cast and crew feel safe and always treating the public respectfully, thus protecting ITV reputationally. I cannot recommend them highly enough

Lee Rayner - Head Of Production

Had the great pleasure of working with Capricorn over the last decade and can safely say that they have always provided an excellent security-service across all aspects of the film-making process. We have most recently worked with Capricorn on Series 6 of 'Peaky Blinders', on which they provided us with the very best of security guards. Their management team are always on-hand, amenable and will do anything to make the job run as smoothly as possible. I've been fortunate enough to work alongside some of the same guards for the last several years, which really helps to give you piece of mind, knowing that the set is being secured by people you can trust. It also helps to create a friendly atmosphere on-set too. All in all, Capricorn are reliable, dedicated and always available to help

Matt Green - Location Manager
PEAKY BLINDERS

“

Capricorn security has blossomed into a security company which not only offers you the guard but the proactive guard. Filming in the Greater Manchester and Yorkshire corridor means you always have a safe pair of hands. They become an extension of the production and an asset to have on the team

James Muirhead - Independent Location Manager
ITV STUDIOS

“

I have employed the services of Capricorn Security since 2008 to support my work in the film and television industry providing location and on set security at all levels.

In my mind Capricorn are the only one stop shop. As a Supervising Location Manager, I know they can guarantee an excellent service, with good, motivated men and women who will do all they are asked to do to support filming on location without fail. It is a tight run ship!

I have total confidence in this company, in Billy, Dalton and their staff. I would have no hesitation in recommending their services to production companies interested in filming in the North of England

Charlie Thompson -
SUPERVISING LOCATION MANAGER

“

We brought a new festival to Manchester at the end of this summer. Sourcing new suppliers in new locations can be challenging, as you delve into unknown areas with unknown clients and audiences alike. As soon as I reached out to Capricorn Ric was keen to talk on the phone and learn as much about the event as possible. He was confident and reassuring over the phone and demonstrated that his team could fit the brief for what we needed. On site, Ric and his team were fantastic to work with - attentive, diligent and friendly with customers. Any problems that arose were dealt with swiftly, and the team always made sure we knew what had gone on. A fantastic team to work with and hopefully a long-lasting partnership

Client testimonials

“

Over the past week, we have noticed the exemplary job the security team have been doing in protecting the Maternity area of site, especially Martin and his team. Last week we were alerted to a number of security breaches which happened around the Maternity unit, which Martin and his team duly highlighted to the Health and Safety team and dealt with proactively

Leigh Roberts - Maternity Unit

“

I would like to highlight the good work of Ayesha and her team who are a real credit to Capricorn Security. While responding to various incidents it was noted how passionate Ayesha took her role within the security team and her diligence potentially prevented a security issue. The security team typify all the values associated with working with iFM and our vision values (Take Charge, Look Out & Stay Safe). Well Done all!

IFM BOLTON

“

Working closely with the Capricorn Security team over the past five years has helped to develop the Security delivery within the NHS environment (EQUANS portfolio). Thus enhancing the patient care journey and reducing violence against staff. Capricorn Security have demonstrated the commitment to continuously improve the role of the NHS Security Officers in ways to strengthen: Training and Continuous Development (CPD), Personal Protective Equipment (PPE) and unique Policies and Procedures. In addition, they have also strengthened the company position by becoming key members of the National Association for Healthcare Security (NAHS) and other security associations

Martin Lomas - Head of Security Compliance
EQUANS

“

Ward use Capricorn as our trusted partner in Manchester for the past 3 years now and I cannot recommend them enough. Excellent Customer Services, professional mobile management team who are willing to go above and beyond at a moments notice and always available for support day or night

Nick Bartlett - Head of Mobile Services
WARD SECURITY

“

We as a business are not easy to manage and oversee security for. Capricorn Security have always been most professional, diligent and accommodating in meeting our requirements. They quickly gained extensive knowledge of our various sites and our specific security requirements. The guards that look after our sites have always been knowledgeable, approachable and professional.

I would have no reservations recommending Capricorn Security to any business looking to improve their site, property and peoples security

Dave Lord - Maintenance Engineer
